

STEVENS & PERMANENTE CREEKS WATERSHED COUNCIL MEETING

August 3rd, 2005

[Mt. View Library](#)
[Community Room](#)
[585 Franklin Street](#)
[Mountain View, CA 94041](#)

Summary of Record

1. List of Participants: **See Appendix**
2. Agenda unchanged
3. Introductions and Announcements Aaron announced the date for TrailBlazer 2005 As Sunday 25 September 2005 Vivian Blomenkamp has Oakland Museum creek and watershed maps available to us as a group if we want to pool an order. Pat Showalter invited us to attend the FAHCE meeting August 9th 7-9pm at the SCVWD board room. Carle talked about the mammoth bones found in the Guadalupe River.
4. Barriers to fish passage in Stevens Creek Dr. Andrew Collison of Philip Williams & Associates was unable to attend so Mondy Lariz presented his recent assessment findings. It was decided that we would work on removal of the SFPUC Hetch-Hechy pipeline barriers.
5. Mission Statement We continued the work started by Deborah Jamison on the draft of our mission statement. We finally did reach consensus on one.
The SPCWC mission is to engage the community in wise stewardship of our watershed, furthering the protection, restoration, and community appreciation of creeks and associated habitats. This will be accomplished through collaboration and consensus in a manner that is sensitive to the needs of the entire community.

To download our new mission statement visit

<http://www.spcwc.org/documents/draft%20mission.pdf>

6. Reports from Task Forces
 - Executive Committee Report work continues on fundraising and capacity building
 - New grant status
 - Bay Fund - we didn't get it.
 - NFWS – we are waiting for our fist check and designing the monitor plan
 - SEP/VMOP update monitoring continues and we need more volunteers
 - Citizen Streamkeeper update no report
 - McClellan/Blackberry Farm Plan no report
 - Water District's plans for Permanente Creek no report

Next meeting October 5th 2005

APPENDIX

Stevens/Permanente Creek Watershed Council
